# DEDICATION

We the Seniors of Paris High School dedicate our 1963 Annual to Mrs. Louise Clay. Throughout the years she has dedicated herself to work with the Seniors in producing the Annual. Her wisdom, knowledge, and effort is seldom recognized by the readers of the Annual. We dedicate this Annual to her with the hope that more people than the Seniors will recognize how instrumental she is in producing the Annual. As was said by A. B. Alcott, "A work of merit finds favor at last."

# TRIBUTE

We, the Senior class of 1963, wish to pay this tribute to Miss Zerelda Noland. Through her continuous work and efforts she has contributed much to the lives of her students. It is with great respect and admiration that we pay her this honor.

"Education is a debt due from the present generation to future generations."

#### A TEACHER'S REWARD

Some people say a teacher is made out of steel,  
Their minds can think, but their bodies can't feel,  
Iron and steel, and hickory trees,  
Frowns and gripes, from 8:00 to 3:00.

You teach six full hours and what do you get?  
Another day older and deeper in debt.  
You pay your dues in this and that,  
Then for 24 hours your billfold is flat.

I was born one morning when it was cloudy and cool.  
I picked up my register and headed for school.  
I wrote 84 names on the homeroom roll,  
And the principal said "Well bless my soul"!

The last bell rings and I start for the door,  
My heads a---ringing and my feet are sore,  
I taught six full hours, my day is made--  
But I still have 300 papers to grade!

You teach six full hours and what do you get?  
Another day older and deeper in debt.  
I'd go to St. Peter, but I just can't stay,  
I gotta come back to the P.T.A.!

#### SENIOR POEM

In 1951 there was begun  
The fated journey of everyone.  
We were to spend twelve years at school  
To learn reading, writing, and the Golden Rule.

The teachers did their very best  
But we were just like all the rest,  
We'd rather sing and laugh and play,  
Than sit and study all the day.

Up through the grades we came so fast.  
What was our future is now our past.  
The words and deeds we've left behind,  
We hope will serve to better mankind.

So just remember Senior friend  
That this is not the bitter end.  
Do not resort to tears of woe  
Because your school days are no more.

You've run the race and passed the test,  
Now live your life and do your best.  
Remember your duty to God and Man;  
Now, choose your Fate and take your stand.
