The true spirit of M.M.I. is shown in one of the most outstanding members of our faculty, Major J. Ward Rees. Affectionately referred to as "Cap", Major Rees teaches Latin I, II, III, IV, and civics classes. "Cap" has nearly fifty years of service to M.M.I., taught history, geometry, latin, french, chemistry, physics, and trigonometry. "Caps" Rees has a golden sports record rarely attained by any coach. He has coached Basketball, Baseball, Track, and Football; in 1927, coached the state basketball championship team here at M.M.I. "Cap" received his training at Ky. Wesleyan College, which was once located on the original grounds of M.M.I. He also attended Notre Dame, Michigan, Wisconsin, and Northwestern Universities, receiving his M.D. in Physical Education and Science. Not only does "Cap" believe in building the mind and body, but he also emphasizes the spiritual part of man. "Cap" attends church every Sunday, and is an ideal for every cadet. Cadets will always look back on their classes with "Cap" with vivid memories--one can not easily forget that bat or "Cap's" unique impersonation of Knute Rockne or his stirring and moving pep talks before a sports event. "Cap" Rees describes his fifty years at M.M.I. in the following way: "Been a little tough . . . a little happy . . . and a little rough . . ."

Lt. Col. G. L. Oldham teaches cadets about all facets of life in his Biology I and Advanced Biology and History at Western Ky. University and has been a devoted instructor here at MMI for many years.

Col. Oldham is a member of the National Association of Biology Teachers, the American Institute of Biological Sciences, the Kentucky Civil War Round Table, and the National Science Teachers Association. Col. Oldham says, "It has been a satisfying experience during my years at MMI to teach many boys who have achieved success in medicine, law, ministry and teaching."

COL. JOSEPH R. JOHNSON  
SUPERINTENDENT

25 June 1969

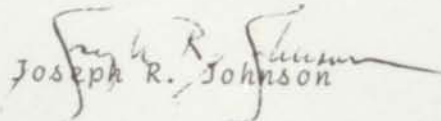

Gentlemen:

Forward! This should always be your motto as you strive in your daily pursuit of the goals you so desire in life. Some of you may aspire to reach the celestial bodies, this too, is not impossible.

You are living in a marvelous challenging age of pioneer experimentation and this plateau of success known cannot be achieved without faith and the forward movement.

To the Class of 1969, you will always be very special to me in that you were my first graduating group here at MMI. I hope each of you will continue with your formal training and will always feel free to visit your alma mater.

Most sincerely,

  
Joseph R. Johnson

# Correll, MMI Still in Clouds After Upsetting Bryan Station

By GARY TUELL

Courier-Journal & Times Staff Writer

Cotton Correll, in his second year as head football coach at Millersburg Military Institute, was strolling to his office yesterday when he passed the junior school (grades one through six).

There he spotted a sixth-grade member of MMI's junior school football team who was preparing for a game.

"I want you boys to bring home the bacon like we did," Correll said, referring to MMI's 19-7 upset of previously undefeated Lexington Bryan Station last Friday night.

"Coach," the sixth-grader replied, "you didn't bring home the bacon—you brought the whole ham!"

That's the way things are this week at MMI. And rightfully so.

## 'A Dream Come True'

Squaring its record at 4-4-0, MMI's win over Bryan Station was "a dream come true."

"The spirit and morale are at an all-time high," Correll noted yesterday. "These boys deserve all the credit in the world. You couldn't prove to them that Bryan Station was a 17-point favorite."

Actually, MMI's record is deceiving.

The four teams that defeated the Millersburg school have a combined worst-tied record of 32-2-0.

"We've played the toughest Class A teams in the state," Correll boasted. "And Bryan Station (a class AA team) needs only one more win to capture its district championship."

But Correll wasn't in the mood for discussing opponents.

"I'm still up in the air and I don't think I want to come down for a long time," he said.

Correll quickly inserted two of his assistant coaches into the conversation.

"Mitchell Ghent and Perry Day have done a fine job," Correll said. "Both of these men have meant a great deal to our program—I'm just fortunate to have them working with me."

Correll then switched the conversation to MMI's "head hunter team."

A defensive player must register 10 assisted tackles in one game to be admitted to the "head hunters."

"This may not mean much to most people," Correll admitted, "but it's the kind of thing that builds pride for us."

## Called 'Great' Prospect

The newest member of the "head hunters" is junior tackle Joe Roseberry. Against Bryan Station, he racked up 16 tackles.

"Joe's not a big ole fat boy," Correll boasted. "He's about 190 pounds of kid muscle, with great speed. This kid is a tremendous college prospect."

Correll handed out praise to 23 other players, among them sophomore half-

back Andy Dohn, who "scored all three TDs against Bryan Station and should be a great one."

Correll was just beginning.

"I want to mention two other fine backs, Richard De Combs and Victor Manuel," the coach said. "They've been terrific."

Robert Mangan, a 205-pound junior tackle, and his brother Dave, a 180-pound sophomore center, "are the type of boys you'd want for sons," Correll said. "I

think they could both play college football."

And quarterback Gary Fry, a 185-pound junior, "has been the key to our football team's success. He calls most of the plays and runs the team—I couldn't ask for a better boy."

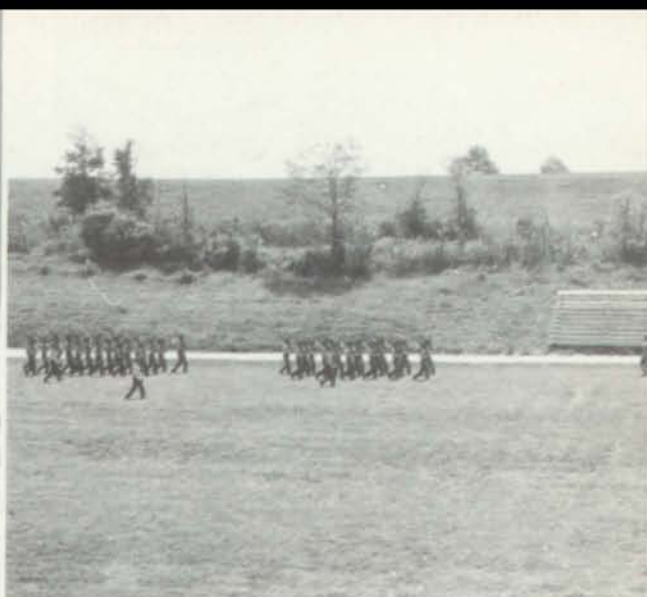

In fact, the MMI coach praised nearly everyone at MMI.

"You can't beat winning," Correll explained. "All of the kids on this squad know that."
