# PARISIAN

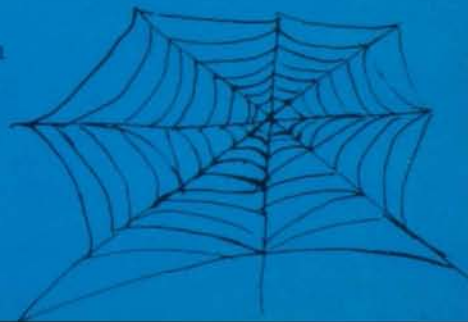

Presented by  
SENIOR CLASS of 1973  
Paris High School  
Paris, Kentucky

Life is a building process. Like the intricate web that the spider works so painstakingly to construct, each of us must strive to erect a better and more productive life. Every individual is like a single strand in the web, standing alone, feeling independence, yet reaching out unfailingly in search of new ideas. At the same time, all of us are interwoven--taking, giving, sharing, realizing an involvement with each other. It is this combination of being distinct, self-willed human beings while understanding and interacting with others that makes life so delicate and so precious.

"The timeless in you is aware of life's timelessness,  
And knows that yesterday is but today's memory and tomorrow is today's dream.  
But if in your thought you must measure time into seasons, let each season encircle all the other seasons,  
And let today embrace the past with remembrance and the future with longing."

Kahlil Gibran

# DEDICATION

The Yearbook Staff dedicates the 1973 Parisian to our Community--the City of Paris and the County of Bourbon.

Through the years you have shown your concern for us and our education by supporting all our activities. You have attended our open houses. You have advertized in and bought our publications. You have been loyal to our sports programs whether we were winning or losing. You have attended our plays, our concerts and our celebrations. You especially supported the Paris High School Band during the summer of '72 when it traveled to Vienna, Austria, and brought honor to us all. You have loaned us money for our further educations; you have provided us jobs for our occupations. We are truly indebted to you, the Community, for helping to make us become responsible citizens, and we promise to show our gratitude by being loyal to you and bringing honor home to you--our Community--the City of Paris and the County of Bourbon.

Mr. Paul W. Polly is currently serving his ninth year as superintendent of the Paris City School System. His first two years at Paris were as principal of the high school. A native of Whitesburg and a graduate of Eastern Kentucky University, he received his bachelor of arts degree in 1955 and his Masters degree in 1957.

Mr. Polly is the person directly responsible for the tremendous advances in the Paris City School System. It has been through his efforts the comprehensive rating and the accreditations have been obtained.

Through his constant desire for the finest and safest school system, he was awarded a Kentucky Colonel commission for having the only school system in the state having no fire deficiencies.

He was president of the Central Kentucky Education Association in 1968-69 and served as a member of the CKEA Board.

He was one of seventy school superintendents presented a Leadership Award by Dr. Robert Martin, Eastern Kentucky University.

He was elected president of the Central Kentucky Superintendent's Council in 1964-65 and has been selected to fill this post for the 1973-74 year.

He has been president, vice-president and a member of the board of directors of the Paris Rotary Club.

Mr. Polly and his wife, Cleta, are admiring the portrait presented him by the Board of Education.

## Mr. Polly Honored by City School Board of Education

The portrait of Mr. Paul W. Polly, superintendent of our Paris City School system is now hanging in the Fine Arts Center, along with past superintendents -- thanks to the Board of Education. Mr. Edward H. Sutherland, vice-chairman of the board, made the presentation on behalf of the other members of the board in appreciation of the many accomplishments of Mr. Polly as superintendent.

The building programs carried out have been many and varied. The building of a new elementary school, a new fine arts center, an addition to the Southside Middle School, the remodeling of a residential property to serve as administrative offices, the remodeling of the Southside gym lobby and an addition to the field house at the athletic field. The athletic field has taken on new dimensions with new bleachers, a chain link fence, gravel walkway, a quarter-mile track and a complete renovation of the playing field.

Academically the Seventh Street Elementary and Southside Middle Schools have been accredited by the Southern Association of Colleges and Schools. The Paris High School has been awarded a comprehensive rating, the highest academic rating a high school can obtain, by the State Board of Education.

The purchase of school buses for children being transported to and from school has also been introduced by Mr. Polly.

There have been many educational contributions by Mr. Polly to this system, and with this portrait the board has recognized and honored him.

It has been with great pride that I have served as your principal of Paris High School this school year 1972-73. I would hope that your lives, as students, have been enriched through your associations with the Administration, Faculty, and Staff of Paris High School.

Someone has said, "We are part of a creative destiny, reaching backward and forward to infinity, a destiny that reveals itself . . . in our striving, in our love, our thought, our appreciation."

My prayer for you is that you may be such a person and live such a life that if every man were like you, and every life like yours, then God's earth would be a paradise,
