FOREWORD

Another year has gone forever. The hard work and the good times which it has been our lot to share are now existent in memory only; but knowing the weakness of memory we cannot help but wish for something more tangible to strengthen the bond between ourselves and our school.

It is our hope that this book will serve that purpose. In the years to come when we turn its pages, we want it to supply the magic word which will awaken the slumbering memories and carry us back to our good old Paris High School.

DEPARTURE FROM PARIS HIGH

I didn’t think I’d miss Paris High
Until it was time to leave
I thought that I’d be happy
But now I find I grieve

I guess I didn’t realize
That Paris High could matter so.
Until we all graduate
And each, quickly turns to go.

Each day I keep remembering
Words that our teachers used to say
And somehow keep wishing
That we didn’t have to go away.

THE SENIORS HAVE YET TO LEARN

This world is so big, and yet so small
So far away, yet so near
With opportunities for each and all
Some with a risk and fear.
This world is old, yet new it seems
To every new born babe
Their chance is coming from great dreams
As a human from out of a cave.

We sit and whine from day to day
For more and more to do
Yet if we would work, instead of play
The sky would seem a brighter blue.
Don't sit and wait for luck to come
Go out and find a place
This old world has a seat for some
Of those who join the race.

Words express what we may feel
So be careful when you speak
Let not your thoughts, in haste, reveal
The unpleasant words you seek.
Let good and honest words be your guide
Upon good dreams you make
But hated words will you please hide, 
Just for your good friends' sake.

Yet we love this world of trials
This world of friend and foe
As a fireplace made of tile
Loves its ever lasting glow.
Yet there are many, rich and poor
Many good and bad,
Many who will go on before
And leave the others sad.

A TRIBUTE TO MRS. FRANCES BUTLER COLLIER

Our senior year was saddened by the sudden departure of our beloved Mrs. Collier. Not only did we respect her as a fine teacher, but we loved her for the high standards she stood for, and encouraged us to develop. Her interest, loyalty, willingness and faithfulness to us will always remain an inspiration to the present Senior Class and to the future seniors who follow us.

Not enough can be told of Mrs. Collier’s great work in the Paris High School. For nearly thirty-five years she was an ever-present contributor to the welfare of her students. We were fortunate in knowing her and in being under her guidance. Her life was a goal for us to follow—so that it might be said of us, as is said of her, that we did our work nobly and well.

As Dr. Kirkpatrick said, “The teachers and the students have lost one of their very best friends, but they have a wealth of blessed memories left them as a heritage that cannot be taken away, and as the years come and go their appreciation for Mrs. Collier will be greatly increased.”

ACTIVITIES

Debating Team—Ann Dudley Carr, Billy Joe Johnstone.

S is for Sophomore, whose nickname is “Dumb”,
O is for order, of which we have none.
P is for patience, which teachers have lost,
H is for habits, which are a great cost.
O is for opportunity—to knock at our door,
M is for manners, of which we need more.
O is for opinion, which is as light as a feather.
R is for our rooms, which all stick together.
E is for energy, which we all display.
S is for Sophomores—not a bad class, I’d say.

NEW SOUTH SIDE SCHOOL

NEW GYMNASIUM
The Paris High School Chapel Choir was organized November 1, 1933 under the supervision of Miss Ellen Blanding and Miss Susan Howard. The choir is a group of mixed voices picked from the Boys' and Girls' Glee Clubs and its purpose is to provide opportunity for the members to receive the very best instructions in vocal training.

At different times during the school year, the choir receives invitations from churches, clubs and other organizations to give programs outside of school. The choir also participates in the Kentucky High School Music Festival, which is held at Lexington each year.

The choir is not only recognized around Paris but it has acquired acknowledgement by music lovers in other cities and states.

BOYS' GLEE CLUB

To the boys willing to work hard is extended, each year, the offer to join the Boys' Glee Club. They must be willing to learn, and to cooperate with the school, for it is through no other methods that Miss Blanding sends such excellent Glee Clubs to Lexington each year. Miss Blanding and Miss Howard, her superior accompanist, train these boys with a steadfast purpose in mind: to attain the highest standard in chorus training they are able to achieve. The boys receive this training and retain it throughout their lives.

GIRLS' GLEE CLUB

Due to the excellent supervision of Miss Ellen Blanding, the Girls' Glee Club has won outstanding recognition in the various contests in which they have participated. Students are not compelled to join the group, but those belonging derive much entertainment and a deeper appreciation for music. The vast amount of musical knowledge that Miss Blanding imparts to these girls, goes with them through life. Much credit must be given to Miss Howard, our accompanist, who never fails in any way. To Miss Blanding and to Miss Howard we give praise for the excellent work they produce.

ALL-STATE CHORUS

Each year, from all over Kentucky, the schools are invited to send a certain number of students, representing their music department, to Lexington to participate in the All-State Chorus. The finest high school voices of Kentucky are blended in one magnificent chorus. It is an event looked forward to from year to year.

The Parisian Circle and Pep Club have been recognized for many years as two of the most active and worthwhile organizations in the Senior High School. The Pep Club is composed of the Senior members of the Parisian Circle and the cheerleaders. Its duty is to put pep and enthusiasm into both players and student body and to act as a committee on hospitality to the visitors of our school.

The Parisian Circle is made up of two sophomores, four Juniors, and six Seniors. Four of these served an apprenticeship and became active members when they were Seniors. Two members were elected by their class as Sophomores, two as Juniors and at the beginning of the Senior year the last two were selected. The members are elected because of the time and the unselfish cooperation they devote to uphold and promote the good name of the school. The present Sophomore members are Faith Hall Phillips and John Gravitt, and the present Junior members are Bill Buckner, Betty Jo Denton, John Trimble Harris, and Anna Belle Wassom.

Page Twenty-six
On March 5, 1940 eight members of the Senior Class received invitations to become members of the Service Club. The object of this club is to serve in all ways possible for the benefit of the school.

Eligibility is gained by grades in academic subjects and because of the students' willingness at all times to cooperate.

The members of the Service Club are to dedicate a portion of their time each day to the school by performing duties such as they may be.

The major accomplishment of the club this year was the publishing of the handbook of Paris High School. Every member had an equal part in it. We feel that it was a success and a stepping stone in the history of the club.

THE BETA CLUB

To provide a definite recognition of real scholarship, the National Beta Club was installed in the Paris High School February 21, 1939. It requires that a Junior or Senior have an average grade between an “A” and a “B” and that the student having the grades must have a good attitude, and must show qualities of unselfishness, loyalty and leadership.

During the short existence, the Paris Beta Club has received much recognition both locally and throughout the state.

At the State Convention Kenney Shropshire, State Vice-President, presided at one of the meetings. Norma Mae Mastin, Class 1939, was asked to give an address from the alumnae.

For the year 1940-41 Betty Jo Denton and John Trimble Harris were elected State President and Secretary, respectively.

At home the Beta Club enjoys both social gatherings and business meetings. They enjoyed a picnic on the Nichols’ farm. Soon afterwards they presented one of the most instructive programs on “Study”, the important factor in our school life.

An impressive program was that of the installation of new members in September. At that time seven new members were inducted during a serious ceremony to add to the eleven already members. Miss Gilbert Lavin is the club sponsor.

COMMERCIAL CLUB
The Commercial Club is under the capable supervision of Mrs. W. V. Shaw. This club consists of approximately eighty students. To be a member, the student must take either bookkeeping, typing, or shorthand. The students in this club are able to aid Mrs. Shaw and the school with their knowledge of business. Many of the students were of great assistance in the preparation of the copy for the annual and were assisted by their supervisor.

This club has only one or two meetings each year. The first meeting this year was held in order to elect a president and a vice-president. The choice of the students was D. C. Parrish, president, and Paul Kenton, vice-president. There is only one purpose of this club and that is to help the underprivileged Kindergarten children at Christmas. The president provides for the program, the students select kindergarten children for whom they buy some gift.

JUNIOR-SENIOR LATIN CLUB
The Senior High Latin Club is one of the oldest in existence in the school. It seeks to preserve the classical tradition in a very modern system of education.

Officers elected for this year were: President, Hazel Lyons; Vice-President, Betty Jo Denton; Secretary-Treasurer, Bill Buckner.

Four members of this club were awarded prizes by Mr. Kirkpatrick for work done, showing how Latin authors have influenced both thought and form of modern literature. Winners were Kenney Shropshire, Alfred Shire, Molly Clayton, and Betty Jo Denton.

SOPHOMORE LATIN CLUB
President, Ann Parris; Vice-President, Billy Joe Johnston; Secretary and Treasurer, Irene Morgan.

This club has devoted some time to adaptation of modern songs in Latin. Each semester Mr. Kirkpatrick offered prizes to students doing original work showing relation of Latin to present day uses. These prizes were won by Nathan Shaw and Lois Farmer.
At our first meeting of Le Cercle Francais officers were elected, these officers planned the initiation. The old members enjoyed the two days of initiation immensely, while the new members suffered through those two days of agony. However, the old members on the last day of the initiation became very generous and gave the new members a party. This party was a great success and everyone had an enjoyable time.

At Christmas time another meeting was held with the president presiding. There were stories of Christmas told in French and songs were sung in French. After a profitable and enjoyable meeting we had refreshments. During our social hour we worked a cross-word puzzle in French. Our French Club is rather large, there are twelve Seniors, twenty Juniors and nine Sophomores.

There have not been very many meetings, but every member of Le Cercle Francais feels that the club seeks to further acquaint every student of French with the social and political life, the customs and the literature of the French speaking people, and to create a friendlier attitude toward our neighbors in France. We feel this attitude is more important now than ever before because of their war. We also feel that French is one of the cultural languages of the world and thus by studying it we are able to become more cultured. Our club has carried out its aims. We have been aided in carrying them out through our sponsor, Miss Edith Monson.

SPANISH CLUB
(EL CIRCULO ESPANOL)

Miss Edith Monson is the sponsor of the Spanish Club. The celebrations given by this club furnish one with a broader view of Spanish customs, government, and language. Each year the new members are given an initiation party, which is always one of the most enjoyable occasions of the school year. At Christmas time programs typical of Spain are presented. Through these celebrations one is given an opportunity to become better acquainted with his Spanish friends. The membership in this club seems to increase each year. The officers of the Spanish Club this year are:

President, June Doyle
Vice-President, D. C. Parrish
Secretary, Hazel Lyons
Treasurer, Matt Lair
The purpose of the National Forensic League is to emphasize the importance of speech in everyday life for everybody and to motivate the study and practice of the speech arts by high school students.

**DEBATING**

Under the excellent supervision of Miss Zerelda Noland, debating in the Paris High School has been a great success. Between the years of 1921 and 1939, Paris has been represented five times in the State Debate Tournament. The debate team of 1923 won the state contest and Paris placed second in 1923. This year’s subject is “Resolved, that the Federal Government should own and operate the Railroads.” The team is made up of Ann Dudley Carr, Barbara Winters, Nadine Baird, Mary Nichols, Billy Young, Alfred Shire, Billy Joe Johnstone and Withers Davis. This debate season has been a profitable one, climax’d by the District Debate Tournament in Lexington, March 18-19, in which Paris was the fourth team to remain in the tournament.
SPEAKING CONTEST

The highlight of the Paris speaking contest was the winning of the cup given annually to the school having the highest rating in the district. Paris and Lafayette High School of Lexington tied for first place and each received a cup. Miss Monson and Mrs. Clara Boles were sponsors of the speaking contest.

THE BAND

The Paris High School Band has always been an attractive activity of the High School Curriculum. This year the band was taken over by Mr. John A. Royse, a competent musician and an alumnus of Paris High School. The band is flourishing under the capable direction of Mr. Royse. The band has performed at numerous functions, among these were the District and Regional Basketball Tournaments. Every fan thoroughly enjoyed this added attraction.

The band offers training to young musicians who go far in developing their ability. Paul Kenton has been drum-major for six years.

The Girl Reserves Organization in the Senior High School is composed of all the girls in the Sophomore, Junior and Senior Classes. The purpose of the fine group is to lift up the ideals of the girls so they as better women can help the school and the community.

The program for initiating the Sophomores is a candlelight service. You will not find a more impressive ceremony. It is one of the most beautiful of all. The Girl Reserves also at Christmas time give a party for the needy children of the school. At various times throughout the year they have picnics and tea dances.

The Girl Reserve has various standards and ideals she must live up to if she desires to be a good girl reserve. In carrying out these activities, there are certain aims which we strive to follow. These are found in the Girl Reserve Code:

Gracious in manner
Impartial in judgment
Ready for service
Loyal to friends
Reaching toward the best
Earnest in purpose

Seeing the beautiful
Eager for knowledge
Reverent to God
Victorious over self
Ever dependable
Sincere at all times

The success of our organization has been due to the leadership of Miss Lulu Batcheldor.
FOOTBALL SQUAD

The Paris Greyhounds opened their grid season by tying a heavier Somerset eleven 7-7. With this start the Greyhounds completed a season which resulted in four (4) wins, three (3) losses, and two (2) ties. In Central Kentucky Competition the Colliermen had a rating of .667. The Greyhounds, living up to the canine reputation, were tougher in their own "back yard." On Hancock's field the Paris boys won all their games, defeating Georgetown, Mt. Sterling and Frankfort. The Greyhounds' only venture into out-of-the-conference competition resulted in a 19-0 defeat at the hands of Middlesboro.

The Greyhounds started their basketball season by defeating Gleneyrie 29-7. Paris started their C. K. C. title defense by bowing to Cynthiana 21-15. The Collermen fought valiantly to retain the net crown, but the size and experience of the other teams made the season an extremely difficult one. In C. K. C. competition Paris won nine (9) while losing six (6). This gave them a .600 rating under the Dickinson system. The record for the entire season gives the Greyhounds eleven (11) wins against ten (10) losses.

COACHES

Looking back over the record of Coach Blanton L. Collier since he has been here we feel it beyond our ability to tell of his accomplishments. It would take volumes to tell of his triumphs in his work and even greater space to tell of his victories among the boys he has worked with. It is the general opinion that no finer coach or gentleman could be found than "George" Collier.

An able assistant to Coach Collier is found in Dick Butler a graduate of Paris High School and Washington and Lee University. Coach Butler's ability as a basketball coach is borne out by the tournament triumphs of the Junior High squad.

Dean Parrish, track coach and assistant football coach has become very popular with the boys since he has been with us. The record of his track teams and the splendid work which he has done in football has shown him well trained in his field. A good coach and a good fellow is our Dean Parrish.

A TOAST TO THE TEAM

Here's to the varsity regulars;
We doff our hats as you pass;
For months you have carried our standards,
Shown speed and nerve and class.
You leave us pleasant memories
Stamped deep by deeds you have done;
As friends we shall always cherish
Our share in your sorrows and fun.

You take with you a personality,
Self-confidence—mental power,
But part of you still lingers here
To influence, grow and tower.
This part of you is a spirit force
That generates the will to win,
Each year to touch the Varsity team
And make all lettermen kin.

So-long, you Varsity regulars!
Side by side you gave your best.
Well done is the work you've finished;
And the example you've set the rest
Will inspire those who will follow
To carry on in groups you've led.
Here's a toast to mem'ries behind you
And good luck for the years ahead!

—(By H. V. Porter in H. V's Athletic Anthology, used by permission.)
Track at Paris High School has completed its third year. Under the expert guidance of Coach Dean Parrish, several outstanding track athletes have been developed. In a dual meet with Winchester last year Paris was nosed out in the last relay event to lose the meet by a small margin.

In the 1939 C.K.C. meet at Lexington, Paris, placed second in the 440 yard and 220 yard dashes, third in the 880 yard event and took a third in the pole vault. A tie with Somerset gave us third in the 440 yard relay. The climax of the season came when the mile relay team composed of Steele, Forbes, Willis and King set a new conference mark in the record time of three (3) minutes, forty-eight (48) and seven (7) tenths seconds. These placements gave Paris a third in the C. K. C. meet being headed by Henry Clay in first place and Winchester at second position.

Steele, Forbes, Willis, Welsh, Bowen, and King were outstanding in their events. All team members taking winning places in last year’s meets will be back this year along with some other good material. The Greyhound track team should go far and fast this year to add to the fame of other athletic teams. Due to the fact that this record will be published before the 1940 season the record for 1940 will be delayed until publication of the 1941 year book.

THE ORANGE AND BLACK

The Orange and Black Book Service we consider the most inspirational and impressive event of the year in Junior High School. It is a time when the outstanding students are honored by the rest of the students and the faculty. They are asked to write their names, along with those who have gone on in Senior High and college, as the honor students of their classes. Few fail to live up to their trust.

The ceremony originated in the spring of 1928 at the suggestion of the Junior High Camp Fire Girls sponsored by Miss Ethel Congleton then head of the Junior High Latin Department.

The students are selected by the faculty on the basis, first of all, of their willingness to cooperate with all parts of the school's program; on the high achievement in their work, doing that work consistently, to the best of their ability; an interest in the scholastic and extra curricula side of their education, a participant or a loyal supporter of the school's athletics; their attitude toward their fellow students; their ability, at all times to abide by the regulations of the school; their loyalty and faithfulness to its ideals. In brief, it is an attempt to emphasize and recognize those traits which enter into the making of worthwhile citizens of the future.

THE PARISIAN

WE WONDER

1. If Harris is having any trouble with his "Hart.”
2. If Mary M. Snell is going on a diet.
3. If Mr. Butler will get a wig.
4. If C. West likes Miss Hunter or her relatives.
5. If Helen Campbell wears a “Shaw.”
6. If Suzy will ever be six feet.
7. If Harrison C. Gaitskill will ever be without a girl.
8. If Bill Woodford will be a womanhater.
9. If D. C. Gifford is really a reformer.
10. If the real reason Elizabeth A. Thomas likes Mr. Collier is because of his name.
12. Why Billy Haggard likes elves and “Fairies.”

FRESHMAN OF PARIS HI

We are the Freshmen of Paris Hi
And when we study the pages fly;
We are ever so helpful as you can see,
And we’re just as good as good can be.

In English Mrs. Briggs does all she can
To teach us to speak so you can understand;
We learn about poets, such as Longfellow and Shakespeare.
So don’t laugh Eighth Grade, you’ll have it next year.

In Algebra and Science Mr. Collier drills,
And before he gets through we all have cold chills;
But through his drilling and teaching in continuous sessions
We finally catch on and learn the lesson.

Miss Hunter in History tries in vain,
To teach us about England, France, Germany, and Spain:
We learn about all the important events
And we know about kings, queens and the other “gents.”

And last but not least, there is Miss McClintock,
Who knows all about Latin and the Roman Senate;
She tries and tries to teach us a lot,
And we all can say, “Amo, Amas, Amat.”

These are the teachers of the Freshman Class,
They teach and help many a lad and lass;
Now we are The Freshman of Paris Hi
And we hope to be Sophomores by and bye.

Our class is composed of many people,
Some are small, some tall as a steeple;
Helen's a girl as bright as a tack,
For reading, Betty Brown has a knack;
While Catesby and Brent to Florida go,
There's never a thing Ann doesn't know.
Ruth of course, is sweet and shy.
Mary Gene is something money can't buy.

Mary Ann plays piano something grand,
Tilly is an ardent movie fan,
Often a-visitng Mary Willis does go.
Frances' voice is Oh, so low.
Mary Helen, a speaker, is unusually good.
While Ardery always does just what she should.
Annetta writes like a copy-book page.
Claralee is the future, will be known as a sage.

That finishes the girls, fifteen strong.
And now the boys must come along.
While Wright, as a scholar, will always gleam.
June is captain of the basket ball team.
James is a wizard at arithmetic.
Figures to him are only a trick.
Caroll is always half asleep.
And right now Jimmy has oversized feet.

Arnsparger is always hiding girls' pencils,
Tommy, an artist, has all the utensils.
Now last, but not least, comes Bobby Lucky.
For a boy of his age, he's very plucky.
Now that's our class of twenty-four.
Counting me, wait and see.
If next year there aren't more!
—Patsy Burnett.

SENior Athletes

Joe Goodman is a natural ball player. On the gridiron he is fast, shifty and smart. Although he isn’t the biggest boy on the squad he can be counted on to take out the biggest man on the opposing team. On the basketball court anyone that has seen Joe play knows when he brings the ball up the floor it is in good hands. A good leader is Joe and can be depended on to give his all for the team.

D. C. Parrish, more commonly known around school as “Snake”, is one rough boy in action. Out of the thickest part of the fight will emerge D’s grinning face. What he lacks in natural ability he makes up in pure old fighting spirit, typical of the others in his family.

Jim Parrish, who naturally loves to play ball follows the Parrish tradition, however his enthusiasm often overcomes his better judgment. Full of fight and always on the go is Jim. Jim, spitting on his hands and getting set is the signal for things to pop. Unfortunately he didn’t get to play football his senior year because of an injury but he was out there every day rooting for the team.

To say that Jimmy Steele is big and tough would be putting it mildly. On the cinder path Jimmy has made himself known as one of the best men on our squad and one of the best in Central Kentucky in the 440 yard dash. He was good on both the gridiron and the basketball court.

Billy Price—an end who won his share of honors this year. He was named on the Eastern All Star team and played end. He was named all C. K. C. and honorable mention all state. He played center in basketball and dashed the hopes of many teams by his prowess.

Clay Roseberry was an outstanding football player. As a plugger he was one of the few boys who didn’t worry the coach about holding up his part of the load.

Paul Kenton could be counted on to do his part in any basketball game. Although handicapped by his eyes Paul was always in there plugging.

Rex Lyons, a red headed guard, was always dependable in football. He was in there doing his part every time.

Marion Burton waited until his senior year to start his football campaign. With this late start he came through well at his end position.

Features
CHEMICAL NATURE OF WOMAN

This element we call woman is a member of the human family, and it has been assigned the chemical symbol WO. The accepted atomic weight is 120, although a number of isotopes have been identified having weights ranging from 95 to 400.

Occurrence—It is abundant in nature, found both free and combined, usually associated with man. That found in the U. S. is preferred.

Physical properties—A number of allotropic forms have been observed. Their density, transparency, hardness, color, boiling point, and melting point vary within wide limits. The color exhibited by many specimens is a surface phenomenon, and is usually due to a more or less closely adherent powder. It has been found that an unspoiled specimen turns green in the presence of a polished one. The boiling point for many varieties is low, while others are likely to freeze at any moment. All varieties melt under proper treatment. The taste varies from sweet to bitter, depending upon environment and treatment.

Chemical properties—Absorbs, without dissolving in, a number of liquids, the activity being greatly increased by alcohol. Absorbs seemingly unlimited quantities of expensive food. Some varieties catalyze this food into fat according to the formula PV equals RT. Many naturally occurring varieties of WO are highly magnetic. In general, the magnetism varies inversely with the density and size, directly with the square of the valence, and inversely with the cube of the age. Some varieties tend to form An-ion and some Cat-ions. Their ionic migrations vary widely. All varieties exhibit great affinity for Ag., Au., and Pt., and for precious stones in both chain and ring structures. The valence toward these substances is high and it is complicated by the fact that the valence is never satisfied. Many stable and unstable unions have been described, the latter in the daily press. Some varieties, being highly explosive, are dangerous in inexperienced hands. In general, they tend to explode spontaneously when left alone temporarily by man. The application of pressure to different varieties of WO produces such a variety of results as to defy the principle of Le Chatelier.

Uses—Highly ornamental, wide application in arts and domestic science. Acts as a positive or negative catalyst in production of fever as the case may be. Useful as a tonic in alleviation of sickness, low spirits, etc. Efficient as a cleaning agent. Equalizes distribution of wealth. It is also, probably the most powerful (income) reducing agent.

Billy Young—I am about to deliver a flowery address.
